**BYE BYE, BUMBLES**

No happy smiles here, as we say goodbye to Bumbles, 624 high pressure street light street lights with energy efficient LEDs. This project will help us meet federal regulations across BC & Canada.

The installation is expected to have minimal impacts on residents and businesses. There may be some short-term lane closures or other traffic control in place as crews work, but access in not expected to be an issue. In stalling time of the lights in each area will vary, depending on conditions. BC Hydro does not expect to have to conduct any planned outages during the process.

Our NEW YORK TRAITORS will entertain us tonight with their amazing singing abilities and their incredible ability to entertain us with their superb dancing. They will be performing some of their favorite songs and will be joined by our own local musicians, who will play a medley of popular tunes.

The evening will also feature a silent auction with wonderful items such as donated by local businesses and individuals, a raffle for a chance to win a variety of prizes, and a dance floor where we can all relax and enjoy the music.

Let's come together and support our local community by attending this event. It's going to be an evening filled with fun, music, and celebration. We hope to see you there!
